

25

A hand-drawn diagram of a cell. It consists of a large, irregular circle representing the cell membrane. Inside this circle is a smaller, roughly circular structure representing the nucleus. The nucleus contains several small dots, likely representing nucleoli or chromatin. The entire drawing is done in a simple, sketchy style.

92

A hand-drawn diagram of a cell. It consists of a large, irregular circle representing the cell membrane. Inside this circle is a smaller, roughly circular structure representing the nucleus. Inside the nucleus are three small dots, and to the right of the nucleus is a small, curved line representing a nucleolus.

12

A hand-drawn diagram of a cell. It consists of an irregular outer boundary representing the cell membrane. Inside, there is a smaller, roughly circular structure representing the nucleus, which contains a few small dots and a curved line, possibly representing nucleoli and chromatin.
